Gentlemen!

This package is LONG overdue! You all hold a VERY special place in our Team's hearts. What you did that sad morning is the epitome of what it means to be American. We will never be able to thank you enough. I shared with the team and our families the experience I had, relieving you of your past and it drew many tears of pride, love, thankfulness and peace. It was an amazing honor to relieve your past and will NEVER be forgotten

Mr. Perez,

I just wanted to thank all of you for helping me this past Friday morning. You guys were great! The medic on duty that morning was Patrick Miller. I don't know the names of all the other people involved including the MPD officers and the Fire Department, but all of you were great! Thank you for talking to me to keep my mind off of what all was going on. You need to go back and get your training as being a medic. You are great with patients! I know…I am in the healthcare field and I do training with offices over 6 states.

You guys used a device called KED. THANK GOD!!!!! I could not have handled being strapped down to a papoose board the way my back was feeling. The KED helped me not hurt or be uncomfortable on the ride over to the hospital in the ambulance.

Thank you again and God Bless every one of you that were there Friday morning!

Sincerely,
