Brad, Bo, and Joe, What a terrific job on 451316!!!! A 41 year old female patient with chest pain who had a BIG time Posterior MI with ST elevation. Even did a Right sided EKG. Caught the STEMI Progression and the treatment was excellent with only 10 mins on scene. You even included time of onset.

I have called Brad in the office and expressed our appreciation for a job well done! I have also asked him to participate in the next chest pain meeting to do a case review.

Again... Great job!

Randy

Chase, I want to let you know that I received a message from Rob Mitchell indicating that he felt you went above and beyond in your response to his daughter's family while they were waiting while she was being treated in Stonecrest Emergency Department as a result of an automobile accident.

Rob is the Rutherford County Property Assessor and is also a personal friend of mine.

Please accept my thanks for your willingness to provide such a caring attitude to your patients as well as their families during their time of need. This is a long standing tradition of RCEMS and is a symbol of not only your willingness to do your job well but also to your loyalty of your profession.

Respectfully, Mike

Paramedic Cunningham:

Thank you again so much for taking the time to meet with Elizabeth to teach her all about EMTs! Attached is a picture of her practicing her report for tomorrow. Of course, tomorrow she'll wear gray pants and I'll tuck the shirt in. She did so well while we were practicing! Seeing it firsthand and having a real Paramedic tell her all about it has really helped her remember the facts I think. I hope she does just as well tomorrow at school. We've got the costume, goody bags and poster ready! I'll let you know how it went. I truly appreciate you for driving to Smyrna to meet us and for all you did for us. Thank you!

Tanya Stephens

P.S. If you have a boss, please forward this email to him/her. I'm sure they know how awesome you are, but it never hurts to remind them! :)
