Chris and Michael I want to thank you for the very professional manner in which you presented RCEMS this morning to the lift assist on Rocking Horse Drive. I'm sure you know that was my mother in law. Both she and my father in law have been and continue to have multiple medical issues but right now my father in law is about 2-3 weeks post op for pancreatic cancer. She basically has lost most use of her arms from shoulder problems on both sides and has had one total knee and needs to have the other one replaced. Both of them were very complimentary toward both of you. I truly appreciate the manner in which you responded and your presentation which greatly relieved the embarrassment of my mother in law. Thanks for what you do! Mike

For SORT

Hello everyone,

Thank you so much for dedicating your time and energy (you probably didn't expect it to be so tiring!) to sharing your careers with us on Monday. In spite of the seeming confusion at the start, once it got going the rotations ran smoothly and you seemed to settle into a comfortable pace. Some of the teachers have told me that they liked Careers on Wheels this year best of the ones I've organized in the past 5 years. They liked the location as well as the content of what you shared. In fact, in my guidance classes this week the students have been sharing with me what they learned, and I have been impressed even with the kindergarteners at what they remembered.

If you get a chance I hope you will share with me your observations and what you thought of the change in location.

Thank you again and we hope to be seeing you in the not-so-distant future!

Jo Ann Graves
