Dear Kenny and Greg,

I wanted to say Thank You to the two of you for all you did to help me when I fell at Carrabba's.

Kenny was correct when he said I'd dislocated my elbow and broke my arm and I would need surgery. I appreciated the honesty because it helped to prepare me somewhat for what was ahead. I also appreciated the smiles and the laughter while in the ambulance because it helped me to keep from completely losing it and allowing the pain and fear to take over.

I am still in the recovery phase but I believe I will get back to 100% at some point.

Thank you for doing what you do and helping me when I needed it.

Subject: Great Job By Your Crew Members

Hi Keith,

I wanted to pass along a great compliment that came from one of our ED physicians Dr. Lawrence. The patient was transported on 5/16/2015 and was incident # 514434. Could you please let this crew know that we sincerely appreciate all they do for the community, and they truly make a difference in patients and family's lives.

"I was so impressed by the care and compassion Rutherford (I think based in Smyrna) EMS showed this elderly patient and his wife after he fell. His wife who had dementia was at the scene and they had the good judgement to bring the wife with them in the ambulance and then strongly suggest to the nurse in the A pod that she NOT go to the "waiting room" while he was initially assessed. (Her dementia was too far advanced to be left in strange place without a family member)."

Thanks again Keith, and thanks for all you and your crews do.

Sincerely,

Eric Clauss, MSN, RN, EMT-P

I called to thank all of you for the care you showed after she was involved in a motor vehicle accident. Her vehicle was hit by a semi on I-24 May 21, 2015. She was very emotional when talking about "the care and compassion they showed me." Apparently it was cold that day and she said "the blanket was a God-send." She had never been involved in an accident and was very frightened. She wanted to make sure "Jay, Mike, & Michael" got the message that she appreciated everything you did for her.

Thank you for representing RCEMS in such a positive manner. We all appreciate you!
