## **Rutherford County Industrial Development Board Application**

### **Explain why you would like to serve:**

I have lived in Rutherford County for all but the first two of my 52 years and have a desire to see it continue to be a great place to live, work and raise a family. I was educated by the Murfreesboro City School and Rutherford County School systems and am a 1982 graduate of Middle Tennessee State University. My business career has been in local banking. Through that work as well as my work with the Rutherford County Chamber of Commerce (2005 Chairman) and Destination Rutherford (Chairman 2007-present), I have developed a strong interest in local economic development. Through many recruitment efforts to attract prospective new business to Rutherford County, I have seen first-hand how important the work of the IDB is to those successes. I would like to be a part of those future business recruitment and expansion efforts and believe my past experiences with these types of efforts would be beneficial to the IDB.
