Subject: Rutherford County School Board Vacancy

I am responding to a interim vacancy on the school board in district 14 of which I reside. I am a life long resident of Rutherford County and a product of our local schools.

I own and operate a residential and commercial construction company. Since the 1980's I have held various corporate management positions.

During the last several years, I have been president of two large companies with extensive knowledge of finance, personnel management and cost control. It is with this background I feel this would be an asset to the school system.

I do not pretend to have any knowledge of how to educate our child in today's environment. We have qualified educators that are charged with those responsibilities. I do however believe that my management experience can be an asset in making wise choices in future board directives.

Respectfully,

Edward S Porterfield

(Please see instructions on back.)

My desire to serve on the School Board is reflected in my decision to leave a successful business and become an educator. My belief in the importance of investing in the education of our youth led me to make this choice. My perspective as a businessman and educator, in addition to my work on county government committees has given me a unique perspective that I believe will be beneficial to the board. I am a husband, a father, a grandfather, and a county resident who wishes to devote myself to maintaining and improving the quality of life for other county residents.

As a lifelong resident of Rutherford County, I have hade the opportunity and privilege to be involved in the following:

- 1967-1987, U.S. Naval Reserve deployed in Vietnam 1968, retired as a Chief Petty Officer
- 1970-1989, self-employed Rutherford County business owner
- 1989-2011, employed by Rutherford County Schools as an educator at Oakland High School
- Served for 15 years as the Career Technical Education Department Head at Oakland High and in that capacity served on numerous Central Office committees for textbook selection, budgeting, etc.
- 5 years as a head athletic coach at Oakland High
- 4 year member of the Rutherford County Citizens Storm Water Advisory Committee
- Member of committee to consider redefining county school and road board district boundaries
- 1997-present, appointed by Rutherford County Commissioners to the Rutherford County Conservation Board
- Past 11 years served as the chairman of that board during which time land purchase and construction of the Lane Agri Park was undertaken and I worked closely with the Public Building Authority to complete phases I and II of the park complex.
