To: Rutherford County Steering Committee:

I'm writing to express my interest in the Public Building Authority Board position. I am a life-long resident of Rutherford County and have extensive experience building, budgeting and coordinating commercial and residential structures, and land development as well. While much of my experience has been in the business world, I understand the social value of the community sector and I believe my business experience would be an asset to our community.

My responsibilities have included the development and management of two multi-million dollar construction companies serving, as President of both and currently own a commercial and residential construction company. I have experienced working within a team and understand the necessary processes. I am committed to our county and would consider it a privilege to serve.

Thank you for your consideration.
